| Line #: | Error: | Correction: |
|---|---|---|
| 2 | "/* */" as comment indicators. | It should be "#' |
| 7 | First << & END need to wrap around the grep line | ```
cat <<END grep
'^[^a*ce$' lance
ace
brace
decide
piece>> Result
``` |
| 13 | -ENDHERE | Should just be END |
| 17 | Mail command is incorrect and it doesn't even specify the path where the file is to be found. | ```
mail -s "Hello World"
hsylla2@student.gsu.edu
< /home/hsylla2/Result
``` |

```bash
#!/bin/bash

echo "Welcome to computer science society."
#Hawa S. hsylla2@student.gsu.edu
